

HOLM

Freya Schack-Arnott cello (Denmark-Australia)
Oda Mathilde Holstad Dyrnes cello (Norway)
Kārlis Auziņš tenor saxophone and clarinet (Latvia)
Jonas Engel alto saxophone and clarinet (Germany)
Roberto Bordiga double bass, composition (Italy)

Holm celebrates a meeting between five international musicians who work and live in Denmark and abroad. The contemplative nature at the core of the project is about enhancing the emotional side of perceiving music and sounds. Improvisation, repetition, timbre, lyrical composition and interplay combine to create music that has a significant visual quality and leads the listener to a meditative state of mind. Two cellos, two saxophones and a double bass provide a unique and organic spectrum of sounds within a completely acoustic frame.

Holm will be released as a 12" LP in June 2018, on the Danish label Insula Music
The ensemble will be on tour in Europe in summer-fall 2018
